BALLARI INSTITUTE OF TECHNOLOGY & MANAGEMENT

(A Unit of T.E.H.R.D. Trust*) NAAC Accredited & Certified by ISO 9001:2008 Institution. (Recognized by Govt. of Karnataka, AICTE, New Delhi & Affiliated to VTU, Belagavi.)

"Jnana Gangotri" Campus, No.873/2, Ballari-Hosapete Road, Near Allipura, Ballari - 583 104 (Karnataka)

In Association with

HARITA TECHSERV LIMITED

CERTIFICATE OF INTERNSHIP

This certificate is awarded to

Name RAVITEJA H N USN 3BR20ME469

*Student at Mechanical Engineering Department,
Ballari Institute of Technology and Management, Ballari For Completing Program*

on

CATIA-V5

Program Conducted

from 8th Febraury - 2023 *to* 7th March - 2023

Dr. Yadavalli Basavaraj

Principal
BITM, Ballari.

R. Shankararayanan

COO
Harita Techserv Limited

The Training was conducted from 08-02-2023 to 07-03-2023

<i>Sl.No.</i>	<i>Course</i>	<i>Hours Delivered</i>	<i>Rating (A-D)</i>
1	<i>Drawing Basics</i>	10	B ⁺
2	<i>Sketching</i>	15	B ⁺
3	<i>Solid Modeling</i>	15	B ⁺
4	<i>Drafting and detailing</i>	15	B ⁺
5	<i>Assembly</i>	15	B ⁺
6	<i>Sheet Metal</i>	15	B ⁺

All Courses include one or more projects along with lectures

A : Outstanding, B+ : Very Good, B : Good, C : Average, D : Fair

CERTIFICATE OF INTERNSHIP

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. Raghava Reddy R USN: 3BR20ME461 Bonafide Student of Mechanical Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on HTML, CSS, Java Script & React JS
- HTML Popular Technology Working with OOPs Concepts
- Well known about Forms, Table, Media type.
- Capable of creating static web page using HTML.
- Basic knowledge in CSS & all the properties like background, borders, color, box model, flex properties, position properties.
- Capable of connecting HTML Elements by using selectors.
- Basic concepts in JavaScript & well known about Data types, Operators, Looping Statements, Conditional Rendering
- Capable to create dynamic webpages using HTML, CSS and JavaScript & good at logical programming's
- Basic knowledge of React JS & know about State, Props, JSX and Components
- Analyzing using hooks concepts and creating forms using React JS & Learnt how to use redux soar state management in React JS
- Well known about React-Router-Dom for navigation & capable of creating webpages using React JS with third part libraries

During the Course of "Internship" He /She has Shown Keen interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. Amrutha G S USN: 3BR19CS009 Bonafide Student of Computer Science Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on SQL, Java, Spring & Hibernate
- Capable of Developing core Java project using Encapsulation, inheritance, polymorphism and abstraction
- Good in Basic concepts like Data, Database, DBMS, RDBMS, Relational Model, E.F.Codd Rules
- Developing data models and describing basic elements of SQL & Data Types, CONSTRAINTS & solving queries on Joins, sub-queries, constraints
- Working with SQL Statements different types of SQL (DDL, DML, TCL, DCL and DQL) & Creating the table by using DDL, DQL (select, Projection, Selection, Joins) & Inserting the records by using DML
- Good knowledge in Theory along with Queries on Projection, Selection, joins, Group by clause, Having clause, Sub-queries, Nested sub-queries & Co-related sub-queries
- Have knowledge in Attributes, Functional Dependency and Normalization
- Having deep knowledge on Hibernate with JPA & Springs
- Basic concepts CRUD operations & mapping the Tables (establishing the relationship) between entity classes, Caching, Fetch Type & Cascade
- Dealt with Spring Core using annotations & Spring MVC (design pattern)
- Capable of Spring Boot for creating RESTful applications

During the Course of "Internship" He /She has Shown Keen interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

CERTIFICATE OF INTERNSHIP

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. Bhupathiraju Deepthi USN: 3BR19CS033 Bonafide Student of Computer Science Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on HTML, CSS, Java Script & React JS
- HTML Popular Technology Working with OOPs Concepts
- Well known about Forms, Table, Media type.
- Capable of creating static web page using HTML.
- Basic knowledge in CSS & all the properties like background, borders, color, box model, flex properties, position properties.
- Capable of connecting HTML Elements by using selectors.
- Basic concepts in JavaScript & well known about Data types, Operators, Looping Statements, Conditional Rendering
- Capable to create dynamic webpages using HTML, CSS and JavaScript & good at logical programming's
- Basic knowledge of React JS & know about State, Props, JSX and Components
- Analyzing using hooks concepts and creating forms using React JS & Learnt how to use redux soar state management in React JS
- Well known about React-Router-Dom for navigation & capable of creating webpages using React JS with third part libraries

During the Course of "Internship" He /She has Shown Keen interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

CERTIFICATE OF INTERNSHIP

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. Bineeth Rathod H A USN: 3BR19CS034 Bonafide Student of Computer Science Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on SQL, Java, Spring & Hibernate
- Capable of Developing core java project using Encapsulation, inheritance, polymorphism and abstraction
- Good in Basic concepts like Data, Database, DBMS, RDBMS, Relational Model, E.F.Codd Rules
- Developing data models and describing basic elements of SQL & Data Types, CONSTRAINTS & solving queries on joins, sub-queries, constraints
- Working with SQL Statements different types of SQL (DDL, DML, TCL, DCL and DQL) & Creating the table by using DDL, DQL (select, Projection, Selection, Joins) & Inserting the records by using DML
- Good knowledge in Theory along with Queries on Projection, Selection, joins, Group by clause, Having clause, Sub-queries, Nested sub-queries & Co-related sub-queries
- Have knowledge in Attributes, Functional Dependency and Normalization
- Having deep knowledge on Hibernate with JPA & Springs
- Basic concepts CRUD operations & mapping the Tables (establishing the relationship) between entity classes, Caching, Fetch Type & Cascade
- Dealt with Spring Core using annotations & Spring MVC (design pattern)
- Capable of Spring Boot for creating RESTful applications

During the Course of "Internship" He /She has Shown Keen interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

- Developing data models and describing basic elements of SQL & Data Types, CONSTRAINTS & solving queries on joins, sub-queries, constraints
- Working with SQL Statements different types of SQL (DDL, DML, TCL, DCL and DQL) & Creating the table by using DDL, DQL (select, Projection, Selection, Joins) & Inserting the records by using DML
- Good knowledge In Theory along with Queries on Projection, Selection, Joins, Group by clause, Having clause, Sub-queries, Nested sub-queries & Co-related sub-queries
- Have knowledge In Attributes, Functional Dependency and Normalization
- Having deep knowledge on Hibernate with JPA & Springs
- Basic concepts CRUD operations & mapping the Tables (establishing the relationship) between entity classes, Caching, Fetch Type & Cascade
- Dealt with Spring Core using annotations & Spring MVC (design pattern)
- Capable of Spring Boot for creating RESTful applications

During the Course of "Internship" He /She has Shown Keen Interest In learning & a very sincere worker.

We wish all the Best for Future Endeavors.

CERTIFICATE OF INTERNSHIP

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. Latha k USN: 3BR19CS076 Bonafide Student of Computer Science Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on SQL, Java, Spring & Hibernate
- Capable of Developing core java project using Encapsulation, inheritance, polymorphism and abstraction
- Good in Basic concepts like Data, Database, DBMS, RDBMS, Relational Model, E.F.Codd Rules
- Developing data models and describing basic elements of SQL & Data Types, CONSTRAINTS & solving queries on joins, sub-queries, constraints
- Working with SQL Statements different types of SQL (DDL, DML, TCL, DCL and DQL) & Creating the table by using DDL, DQL (select, Projection, Selection, Joins) & Inserting the records by using DML
- Good knowledge in Theory along with Queries on Projection, Selection, joins, Group by clause, Having clause, Sub-queries, Nested sub-queries & Co-related sub-queries
- Have knowledge in Attributes, Functional Dependency and Normalization
- Having deep knowledge on Hibernate with JPA & Springs
- Basic concepts CRUD operations & mapping the Tables (establishing the relationship) between entity classes, Caching, Fetch Type & Cascade
- Dealt with Spring Core using annotations & Spring MVC (design pattern)
- Capable of Spring Boot for creating RESTful applications

During the Course of "Internship" He /She has Shown Keen interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

CERTIFICATE OF INTERNSHIP

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. K S Lepakshi USN: 3BR19CS077 Bonafide Student of Computer Science Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on HTML, CSS, Java Script & React JS
- HTML Popular Technology Working with OOPs Concepts
- Well known about Forms, Table, Media type.
- Capable of creating static web page using HTML.
- Basic knowledge in CSS & all the properties like background, borders, color, box model, flex properties, position properties.
- Capable of connecting HTML Elements by using selectors.
- Basic concepts in JavaScript & well known about Data types, Operators, Looping Statements, Conditional Rendering
- Capable to create dynamic webpages using HTML, CSS and JavaScript & good at logical programming's
- Basic knowledge of React JS & know about State, Props, JSX and Components
- Analyzing using hooks concepts and creating forms using React JS & Learnt how to use redux soar state management in React JS
- Well known about React-Router-Dom for navigation & capable of creating webpages using React JS with third part libraries

During the Course of "Internship" He /She has Shown Keen Interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

CERTIFICATE OF INTERNSHIP

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. Pavan K USN: 3BR19CS066 Bonafide Student of Computer Science Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on SQL, Java, Spring & Hibernate
- Capable of Developing core java project using Encapsulation, inheritance, polymorphism and abstraction
- Good in Basic concepts like Data, Database, DBMS, RDBMS, Relational Model, E.F.Codd Rules
- Developing data models and describing basic elements of SQL & Data Types, CONSTRAINTS & solving queries on joins, sub-queries, constraints
- Working with SQL Statements different types of SQL (DDL, DML, TCL, DCL and DQL) & Creating the table by using DDL, DQL (select, Projection, Selection, Joins) & Inserting the records by using DML
- Good knowledge in Theory along with Queries on Projection, Selection, joins, Group by clause, Having clause, Sub-queries, Nested sub-queries & Co-related sub-queries
- Have knowledge in Attributes, Functional Dependency and Normalization
- Having deep knowledge on Hibernate with JPA & Springs
- Basic concepts CRUD operations & mapping the Tables (establishing the relationship) between entity classes, Caching, Fetch Type & Cascade
- Dealt with Spring Core using annotations & Spring MVC (design pattern)
- Capable of Spring Boot for creating RESTful applications

During the Course of "Internship" He /She has Shown Keen interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

CERTIFICATE OF INTERNSHIP

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. A Prathap reddy USN: 3BR19C5001 Bonafide Student of Computer Science Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on HTML, CSS, Java Script & React JS
- HTML Popular Technology Working with OOPs Concepts
- Well known about Forms, Table, Media type.
- Capable of creating static web page using HTML.
- Basic knowledge in CSS & all the properties like background, borders, color, box model, flex properties, position properties.
- Capable of connecting HTML Elements by using selectors.
- Basic concepts in JavaScript & well known about Data types, Operators, Looping Statements, Conditional Rendering
- Capable to create dynamic webpages using HTML, CSS and JavaScript & good at logical programming's
- Basic knowledge of React JS & know about State, Props, JSX and Components
- Analyzing using hooks concepts and creating forms using React JS & Learnt how to use redux soar state management in React JS
- Well known about React-Router-Dom for navigation & capable of creating webpages using React JS with third part libraries

During the Course of "Internship" He /She has Shown Keen interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

CERTIFICATE OF INTERNSHIP

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. Shreyas Chakre USN: 3BR19CS149 Bonafide Student of Computer Science Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on SQL, Java, Spring & Hibernate
- Capable of Developing core java project using Encapsulation, inheritance, polymorphism and abstraction
- Good in Basic concepts like Data, Database, DBMS, RDBMS, Relational Model, E.F.Codd Rules
- Developing data models and describing basic elements of SQL & Data Types, CONSTRAINTS & solving queries on joins, sub-queries, constraints
- Working with SQL Statements different types of SQL (DDL, DML, TCL, DCL and DQL) & Creating the table by using DDL, DQL (select, Projection, Selection, Joins) & Inserting the records by using DML
- Good knowledge in Theory along with Queries on Projection, Selection, joins, Group by clause, Having clause, Sub-queries, Nested sub-queries & Co-related sub-queries
- Have knowledge in Attributes, Functional Dependency and Normalization
- Having deep knowledge on Hibernate with JPA & Springs
- Basic concepts CRUD operations & mapping the Tables (establishing the relationship) between entity classes, Caching, Fetch Type & Cascade
- Dealt with Spring Core using annotations & Spring MVC (design pattern)
- Capable of Spring Boot for creating RESTful applications

During the Course of "Internship" He /She has Shown Keen interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

CERTIFICATE OF INTERNSHIP

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. Thimmalapuram srujana USN: 3BR19CS167 Bonafide Student of Computer Science Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on HTML, CSS, Java Script & React JS
- HTML Popular Technology Working with OOPs Concepts
- Well known about Forms, Table, Media type.
- Capable of creating static web page using HTML.
- Basic knowledge In CSS & all the properties like background, borders, color, box model, flex properties, position properties.
- Capable of connecting HTML Elements by using selectors.
- Basic concepts in JavaScript & well known about Data types, Operators, Looping Statements, Conditional Rendering
- Capable to create dynamic webpages using HTML, CSS and JavaScript & good at logical programming's
- Basic knowledge of React JS & know about State, Props, JSX and Components
- Analyzing using hooks concepts and creating forms using React JS & Learnt how to use redux soar state management in React JS
- Well known about React-Router-Dom for navigation & capable of creating webpages using React JS with third part libraries

During the Course of "Internship" He /She has Shown Keen Interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

CERTIFICATE OF INTERNSHIP

We hereby proudly present this Certificate of Internship for Outstanding, Honorable effort of Mr/ Ms. Veena L USN: 3BR19CS175 Bonafide Student of Computer Science Engineering Department, Ballari Institute of Technology & Management for His/ Her Successful Completion of Internship Program Conducted from 06.02.2023 to 11.03.2023

The Outcome of Internship Achieved:

- Technology Trained on SQL, Java, Spring & Hibernate
- Capable of Developing core java project using Encapsulation, inheritance, polymorphism and abstraction
- Good in Basic concepts like Data, Database, DBMS, RDBMS, Relational Model, E.F.Codd Rules
- Developing data models and describing basic elements of SQL & Data Types, CONSTRAINTS & solving queries on joins, sub-queries, constraints
- Working with SQL Statements different types of SQL (DDL, DML, TCL, DCL and DQL) & Creating the table by using DDL, DQL (select, Projection, Selection, Joins) & Inserting the records by using DML
- Good knowledge in Theory along with Queries on Projection, Selection, joins, Group by clause, Having clause, Sub-queries, Nested sub-queries & Co-related sub-queries
- Have knowledge in Attributes, Functional Dependency and Normalization
- Having deep knowledge on Hibernate with JPA & Springs
- Basic concepts CRUD operations & mapping the Tables (establishing the relationship) between entity classes, Caching, Fetch Type & Cascade
- Dealt with Spring Core using annotations & Spring MVC (design pattern)
- Capable of Spring Boot for creating RESTful applications

During the Course of "Internship" He /She has Shown Keen interest in learning & a very sincere worker.

We wish all the Best for Future Endeavors.

Qspiders Internship Program

It is hereby informed to all the BE 7th Sem students that, J/Qspiders Internship will be conducted from 6th February 2023.

Internship Period: 6th February 2023

Timings: 9:00am to 4:30pm.

Venue: Seminar Hall- 3, 5 & 6, 3rd floor, Millennium Block.

(Batch list & details of seating arrangement will be shared with students through email)

Internship Duration:

- Students will have 6 hours program every day.
- Internship will involve both theoretical and practical.
- Students will be given exposure to real time implementation.

Values Addition:

- Along with Skill implementation students will be skilled on recruitment skills.
- Additional classes will be provided to enhance students coding skills.
- Students are eligible to get placement services.
- Daily Attendance Tracking
- Regular assignments
- Topic wise assessment
- Internship Certificate
- Mini Project Implementation
- Unplaced Students can Visit QSpiders Branches for Further brush up on the dealt subject only & avail Placement assistance with No Cost

Note: All the Students who are part of J/Q Spiders Internship Program should compulsory attend all the sessions. If a student has less percentage of attendance in internship program he/she will be penalized and Certificate will not be issued. So all students are hereby informed to attend the sessions regularly.

Feedback analysis of Internship Program (Batch 1 & 3)
Internship for BE- 7th sem students (2022-23 Batch).
Internship Program by J/Qspiders, Bangalore.
Dates: 6th Feb to 11th March 2023.

Below First 8 Questions are related to overall Internship Program.

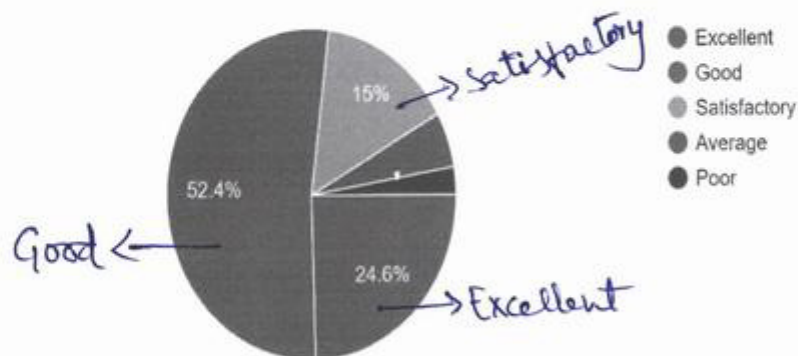

Q1. Objectives of Internship Program were clearly defined & were met

187 responses

Q2. The Trainer was Knowledgeable & well prepared about Topic

187 responses

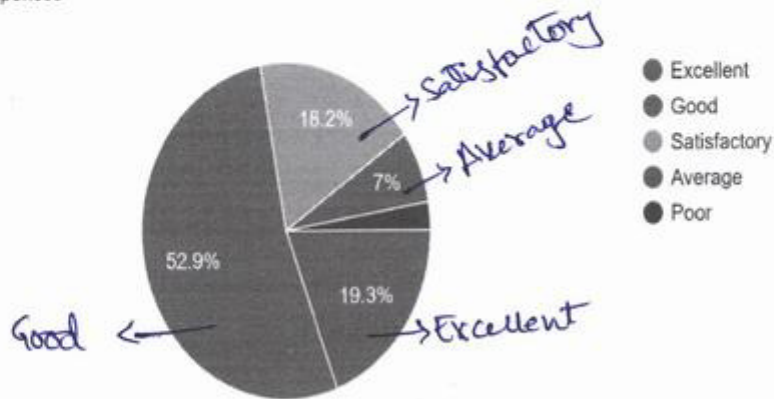

Training & Placement Cell

Q3. Content/Topics covered were relevant to me

187 responses

Q4. Content/Topics were organized & easy to follow

187 responses

Training & Placement Cell

Q5. Participation/Interactions were encouraged by Trainer

187 responses

Q6. Rate overall J/QSpiders Internship Program.

187 responses

Training & Placement Cell

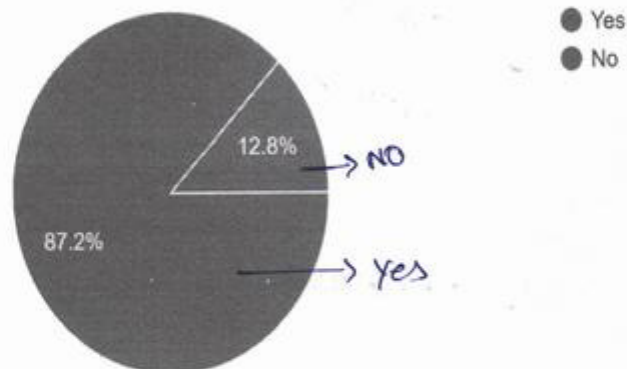

Q7. Whether real world examples were discussed.

187 responses

Q8. Whether the Internship Program was hands on.

187 responses

- NA
- Good
- Nothing
- Nothing
- Good
- No
- Na
- Nice
- Ok
- Everything is good
- Excellent
- No comments
- Satisfactory
- Satisfied
- No suggestions
- Internship was good
- GOOD
- NOPE
- Nothing
- Very interesting n good experience of SQL
- Learnt something new

Training & Placement Cell

Overall Internship was good

Core java and sql was good

It was normal

Please be interactive

Ntg

no

No comments

The Screen view must be improved

Hibernate and springs were not cleared explained

Overall the training was good

Excellent 🍀

The training was good

Overall it was good sessions

More hands-on is suggested

Nothing, Thank you

Hibernate and spring course was given very little time

Teaching was bit fast

Expected more from the training faculty

Overall teaching was good

This isn't an internship. It will be different. 15k money, My father's hard earned money wasted. Would have gone done real internship if I was allowed to do so and would have got relevant experience. Totally disappointed. Feel ashamed when my college calls this as internship.

I have learnt a topics that are done by all lectures

Training was useful

Overall good training

Average

Please provide good trainer

Good in all

Training was helpful

Yes

Keep less students per teacher.

It becomes very hectic when there are 200 students and one teacher.

Excellent explanation

Everything was good

Best training

Knowledgeable

No suggestions

please be interactive

Excellent staf

Java

They must do Hands on

No sir

Totally it was good

every topic was clearly explained

Overall good

It was good

Except the spring class the overall training was good and I request the management to increase the during of the training so that we learn the concepts more clearly

The hibernate/spring sessions were too crowded, having less people in the class would have been better

Overall training is excellent to learn

"Jnana Gangotri" Campus, No.873/2, Bellary-Hospet Road, Allipur, Bellary

Training & Placement Cell

Please appoint trainers like jai Sankar sir..

SQL training was very poor as we did not even open the laptops there is no question of even hands on training as the trainer was only focused on theory part

Hybernites and springs part was not well planned because the trainer was not able to make the adjustments

Overall the training was excellent

All teachers are good

Overall internship is nice

Java and programming trainer lack communication skills and doesn't know how to deliver topics

Everything was good

Need to teach in a very understandable way

It's ok

Good internship programme

Good Teaching 😊

Useful internship

The training was good

Nothing all was good

nothing

Students from core branches know python rather than java.. Many of us felt difficult to learn Java as a new subject within a month.

If they explain some more examples, then the below average students also understand

Good trainer

Was good, projects should be explained and conducted.

..

Overall Good

It was effective.

Thank you.

It was good.

All good

..

Good teaching

Good Trainer

Good... Na

Try to provide better environment like u said in the meeting that u would provide labs and the strength was too high...overall poor infrastructure was provided.

Sir was making few concepts very easy to understand, he was repeating the topics when we were not understanding.

Good trainer

Harish sir taught us good topics regarding our selected course, if he taught slowly that may be much better for us to understand the concepts.

Very Good

Harish Sir was one of the best trainers.

It was good and perfect training...

Harish sir is very good explainer.

Satisfied

Training was good we learnt something in that training.

If senior faculty would be means it would be better for learning

Everything was good.

Training was good.

The trainer was amazing, we hope our juniors get the same trainer.

Reducing the ratio of students per teacher would improve in better way of internship program

Not covered projects

This internship training was excellent, but we need more time to do the projects.

Good Internship

No

Internship program was useful

Nothing

Overall, the Internship training was excellent

N/A

It was nice and good training.

It was a good session.

lecture was good.
